DETAILED ACTION

Election/Restrictions

This application contains claims 9-17 and 25-33 drawn to an invention nonelected with traverse in Paper No. 3/22/05. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Note that these claims cannot be rejoined since the base claims are not generic and to rejoin these claims would present 112 problems.

Claim Rejections - 35 USC § 112

1. Claims 36-39 and 42-44 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Regarding Claims 36 and 42, the limitation of the short side being positioned proximate an outside one of the first and third terminals is new matter not in the original disclosure. The claims require the 1st and 3rd terminals to be the lower impedance terminal ends of the traces which are the terminals proximate long sides, not short sides as is presently claimed (e.g. see Fig. 2).

Allowable Subject Matter

2. Claims 1-8, 18-24, 34-35, 40, 41, and 45 are allowed.

Art Unit: 2817

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
